Quality Connect Learning with NABH - International Patient Safety Goals

In reference to the initiative of **Quality Connect- Learning with NABH**, NABH invites from the Healthcare Organizations, the best practices followed by them in the form of case studies/posters/articles etc on the International Patient Safety Goals (IPSGs).

- **Goal One** - Identify **patients** correctly.
- **Goal Two** - Improve effective communication.
- **Goal Three** - Improve the **safety** of high-alert medications.
- **Goal Four** - Ensure **safe** surgery.
- **Goal Five** - Reduce the risk of health care-associated infections.
- **Goal Six** - Reduce the risk of **patient** harm resulting from falls.

The best case studies/ posters/articles etc will be featured in the upcoming issue of Quality Connect Newsletter & the winners will be awarded in the form of free certificate courses of NABH. Kindly send your entries by 15th January 2021 on eesha@nabh.co

Kind Regards,

(Dr. Atul Mohan Kochhar)
CEO-NABH
