NOTICE FOR CHANGE IN CERTIFICATION PAYMENT STRUCTURE

(All applicant / Certified Health Care Organisations under CERTIFICATION programs of NABH)

In view of the various feedback received from the associated healthcare organisations and in order to ease the process of fee payment and tracking for the stakeholders as well as NABH Secretariat, NABH has reviewed the payment structure of all CERTIFICATION programs and has made the following changes:

1. With effect from 01 June 2022, the payment of CERTIFICATION fees for 2 years shall be paid as a onetime payment by the health care organisation while applying for the CERTIFICATION. This new payment structure is applicable for all new applicant and renewal applicant health care organisations.
2. The applicant and/or the CERTIFIED health care organisations which are already in the process of getting CERTIFIED or in the middle of their CERTIFICATION cycle, shall continue with the old payment structure i.e., on annual basis and the new payment structure shall be applicable for these health care organisations from the next CERTIFICATION cycle onwards.
3. The current CERTIFICATION programs of NABH includes:
 - A. Entry Level Certification for Hospitals
 - B. Entry Level Certification for Small Healthcare Organisations
 - C. Entry Level Certification for AYUSH Hospitals
 - D. Entry Level Certification for AYUSH Centres
 - E. Nursing Excellence Certification Program
 - F. Emergency Department Certification Program
 - G. Medical Laboratory Certification Program

All the applicant and/or certified healthcare organisations are advised to note the above changes and help us in effective implementation.
