

Dear All,

With the rise in the education and awareness of the patients the demand of care, safety and healthcare quality is on rise. One of the most important issue is to ensure patient safety especially to vulnerable group like children, elderly, mentally handicapped, unaccompanied females and foreign patients etc... More than 40% of patients visiting the hospitals are vulnerable in one way or the other.

NABH in association with CAHO is organising a poster competition on “Care of vulnerable patients”. It is a good opportunity for the hospitals to showcase the best practices they have adopted for providing comfort, safety and satisfaction to the vulnerable patients visiting the hospital.

The posters can be submitted to the NABH office at the address given below. The last date for the submission is 15th February 2016. The best posters (1st, 2nd and 3rd) will be awarded and showcased in the 2nd National Conference of Consortium of Accredited Healthcare Organizations (“CAHOCON-2016”) at Bangalore at Hotel Lalit Ashok on 19th and 20th March 2016.
