

Advisory on Programme for Preparedness

To help and support the healthcare providers in accreditation journey, NABH conducts several capacity building programs. These programs are mainly created to fulfil education and training needs of staff working at applicant and accredited healthcare providers.

Following is advisory on these programs:

1 NABH awareness. One Day Program

It is recommended that one person per ten beds from the applicant hospital should have attended

2 NABH POI . Three Day Program

It is recommended one person per twenty beds from the applicant hospital should have attended

3 NABH Assessor Program.

It is recommended one person per five hundred beds from the hospital should be an assessor

4 NABH education workshop. One Day Program

It is recommended one person per ten beds from the hospital should have attended NABH education workshop per year on each subject
