

### **Disclaimer**

Guidebook is for Pre Accreditation Entry level standards for Small Healthcare organisation (SHCO). This can also be used for healthcare organisations(HCO) preparing for Pre accreditation Entry level. Guidance is provided for those objective elements only which are found difficult to understand and implement. Healthcare organisations shall have to prepare against all objective elements given in the respective category for assessment.

This document (s) is just a guidance note to enable HCOs to prepare for certification process. HCOs are advised to refer to other relevant resource material on the subject available.

Guidance for hospital infection prevention & control is annexed in a separate file along with this guidebook.

HIC Guidelines book and Guide book for pre-accreditation entry level standards for SHCO are available [here](#).
